## *Oklevueha's Mission and Vision*

We have been sitting with some deep realizations here at Mother Church, and we wish to share them with you. Moving forward, Oklevueha Native American Church will be expanding our focus and deepening our mission and vision to accommodate the changing philosophies and legalities regarding medicines in our modern world.

When Oklevueha was first conceived, we were a small church with one location and one medicine. We built a community of healing through peyote and sacred connection. When law enforcement stepped in and shut us down in 2000, we shifted a great deal of our focus to legal protection for all who wished to sit with the medicine.

Through the years, Oklevueha's legal position has only strengthened. In many places across the United States, law enforcement recognizes our name and understands that we govern ourselves, have strict policies and infrastructure, and that we are very clear about what is acceptable behavior for members, branch leaders, and our medicine people, and what is not. We also added more medicines to be protected under Oklevueha in addition to Peyote.

### *The sacredness of these ceremonies can never be changed.*

Now that the legalities of sacred medicines are shifting, we also wish to shift our full focus to honoring and preserving the sacred spirituality of the Native Americans, as well as honoring and protecting the various sacred medicines we are so privileged to have and steward. Many medicines are now available in the United States, however, the people serving these medicines may not have the training to provide a safe and sacred environment, as Oklevueha requires and ensures that continuation.

Oklevueha has always had the safety of our members in the forefront. Our vetting process for all medicine people is done very carefully. Not everyone who applies to become a medicine person with Oklevueha qualifies by our standards. Safety is paramount.

However, the sacredness of these ceremonies can never be changed. We come to ceremony for healing, and community. Those elements of Native American spirituality are critical to Oklevueha and our mission and vision. Honoring and cherishing these ancient sacred ways is the main mission of our church. Creating community of those who wish to participate in a good way and find connection with Spirit and with other like-minded people is a vital part of who we are

ONAC's vision is to build community, a sense of belonging, and to foster healing and transformation through ceremony and teachings. Our goal is to assist those who come to us to be able to connect with who they are on a soul level, and to live from a higher place of peace and well-being.

ONAC's medicine people are trained and have the sacred gifts to assist in transmuting wounds and birthing remarkable transformation. Medicine people understand that they are the instrument in Creator's hand, a hollow bone through which Spirit can work.

## *Oklevueha's Mission and Vision, cont.*

We may differ from many people working with the medicines in that we put the sacred aspects of this work in the forefront. We work with medicines and other healing modalities to truly create an environment where Creator can work with each individual and assist them in the healing they need. The focus on the sacred, traditional ways is not necessarily happening outside of Oklevueha, especially during these times with access to any number of medicines, but it is what we strive for in ONAC.

Within Oklevueha, we are simply assisting in anchoring in these recognitions, awakenings, enabling us to align with true authenticity and to provide the safest and most respectful environment for ceremony and healing work.

Oklevueha brings together the sacred lineage of the Seminole and the Lakota Sioux, as well as honoring the traditions and teachings of other Indigenous nations. We have been blessed to carry the medicines and the teachings of these great nations.

We would like to take this time to thank all our Branches, Branch Leaders, Spiritual Leaders, Chief of Staff, and Medicine People for all that you have done in your support of Mother Church, including the Humanitarian Drives, and our Legal Fund this past year. Your selfless contributions have touched many lives, more than you know.

We at Mother Church also wish to thank you for the tireless Medicine work that you do for those that Creator sends to you for help, so that they might once again be able to walk upon this Mother Earth healed, happy, and in a good way. We also thank you for the work that you do in your communities to help make them a better and healthier place. These things do not go unnoticed by us, and we want to let you know how much we appreciate all your efforts to make this world a better place.

It is our prayer that Creator will hold each of you in peace, health, and joy. May this coming year bring blessings to each of us.

# *ONAC of Kuleana La'au Lapa'au*

Located on the beautiful island of O'ahu in Hawaii.

Summer Solstice will be a pinnacle moment for our Branch. Our Ceremonial grounds are finally prepared for a traditional Hawaiian Land Blessing. We'll mark this Special occasion with a Huachuma Tipi Ceremony and Inipi Sweat Lodge campout. This will be the first time all members will be in attendance together, as we're in a isolated location and aligning this is in the stars and the Will of Wakǎń Tǎńka.

Our Branch is intended to be Member Managed, in the sense that when there are enough participants willing to put forth the effort for healing, we'll hold Full Moon Huachuma Tipi Ceremonies, Inipi Sweat Lodges, and Potluck Gatherings.

We're funding a farm start-up in Sri Lanka to assist a local community in a self sustainable and reliable source for healthy, fresh produce.

Our Ceremonial endeavors are fully intended to assist with the relief of suffering of all sentient beings. We assist Veterans with PTSD, our Kupuna (Elders) with terminal illnesses, and All seeking Genuine Connection with Akua (God).

This being prefaced, because of our location we have a lot of inquiries of folks on vacation merely looking for an ""experience"". Unfortunately, we can not entertain those with anything other than Pure Intentions and Authentic Virtues.

Namaste. [ONACKLLHawaiiMembers@gmail.com](mailto:ONACKLLHawaiiMembers@gmail.com)
